- m. No deductions shall be made for openings in floors such as stairwells, elevators shafts, service shafts or ducts.
- n. A basement or crawlspace contained in whole below grade and with no interior finishes or where no use is purposed shall not have a *permit* fee applied.
- o. All walkout basements in dwellings shall have half of their total area calculated for the applicable *permit* fee.

- p. A fee for heating shall only be charged when no other associated construction is proposed.
 - q. No *permit* fee shall be less than \$150.00.
 - r. A building of an unusual shape, or where the project is unique in nature, and where the application of Schedule A of the Bylaw is impractical, the *Chief Building Official* at his/her discretion, may determine the value of the *building permit* fee based on an hourly rate and/or inspection required to be performed.
- 13.3.** Any development charges, levies and fees that are deemed *applicable law* shall be calculated and payable to the *Township* prior to *permit* issuance.
- 13.4.** For classes of permits not described in Section 3 or where no fee exists in Schedule A to this Bylaw, a reasonable fee shall be determined by *the Chief Building Official* at his/her sole discretion by considering all administration, plan review and *inspection* costs.
- 13.5.** Where fees are due as a result of revisions after a *permit* has been issued, no *inspections* associated with the said revisions shall be passed until:
- s. The revisions are approved by the *Chief Building Official* or *Inspector*; and
 - t. Additional fees have been paid in full.
- 13.6.** Where *work* occurs prior to the issuance of a *permit*, an additional surcharge equalling 100% of the *permit* fee described in this Section, shall be payable by the *applicant*.
- 13.7.** The *permit* fees as set out in Schedule A to this Bylaw applies to a single submission of complete plans and specifications and a single *inspection* of each prescribed stage of construction as set out in the *Building Code* and this Bylaw. Additional service fees as set out in Schedule A to this Bylaw may be invoiced when additional resources are utilized to review additional drawings and/or to re-inspect *work*.
- 13.8.** Every *owner* of an on-site sewage system located in an area as set out in Section 12 shall pay the service fee as set out in the *Township's* Building Services, Standard Operational Guideline SOG.22.09 – On-Site Sewage Maintenance Inspection Program upon delivery of maintenance inspection services.

14. REFUNDS

- 14.1.** In the case of withdrawal of an application or the abandonment of all or portion of the *work*, or the non-commencement of any project, the *Chief*

Building Official shall determine the amount of the refund of paid *permit* fees that may be returned to the *applicant*, without interest, in accordance with Schedule B of this Bylaw.

- 14.2. All request for refunds must be made in writing, addressed to the *Chief Building Official* and must be received within six months of the date of issuance or last inspection.
- 14.3. Any authorized *permit* fee refund shall be returned to the person identified on the receipt.
- 14.4. Fees for *Conditional Permits* are non-refundable.
- 14.5. The deposit referred to in Section 7.5 of this Bylaw shall be refunded, less any outstanding chargers, only upon completion of a final inspection.
- 14.6. No refund shall be given equal to or less than the minimum fee of \$150.00.

15. RECOVERY OF FEES

- 15.1. In addition to every other remedy available by law, fees that are due and unpaid may be added to the tax roll of the property of the *owner*, and may be collected with municipal taxes.

16. NOTICE OF INSPECTIONS

- 16.1. The *permit holder* or an *authorized agent* shall notify the *Chief Building Official* of readiness to inspect the required stages of construction as prescribed by Division C, Sentence 1.3.5.1.(2) of the *Building Code*.
- 16.2. In addition to Subsection 16.1, the *permit holder* or an *authorized agent* shall notify the *Chief Building Official* of readiness to inspect the following stages of construction as prescribed by Division C, Sentence 1.3.5.2.(1) of the *Building Code*:
 - u. Commencement of construction of the *building*;
 - v. Substantial completion of structural framing for each storey, if the *building* is a type of *building* that is within the scope of parts of the *Building Code* other than Division B, Part 9;
 - w. Commencement of the construction of any:

 - cc. Completion of site grading with accordance with the approved Site Grading Plan.
- 16.3.** Requests for *inspections* shall be;
- dd. Booked using the *building permit* software or
 - ee. Requested through the *Township's* inspection line, providing the following information;
 - i. Civic address
 - ii. Type of *inspection*
 - iii. Requested date of *inspection*
 - iv. Contact details
- 16.4.** Upon receipt of notice of readiness to inspect as set out in this Section, the *Chief Building Official* or an *Inspector* shall undertake a site *inspection*, no later than two (2) business days after receipt of the notice.
- 16.5.** The time period referred to in Subsection 16.4 shall begin on the business day following the day on which the notice is received.
- 16.6.** The *permit holder* shall facilitate safe access for *inspection* of the *work*.
- 16.7.** The *permit holder* shall make available to the *Inspector* a legible paper copy of the reviewed plans and documents issued in support of a *permit* on site.
- 16.8.** *Re-inspections* of deficient or incomplete *work* shall be subject to an additional service fee as set out in Schedule A to this Bylaw, these shall be paid prior to any further *inspections* being undertaken.

17. FENCES AT CONSTRUCTION AND DEMOLITION SITES

- 17.1.** Where, in the opinion of the *Chief Building Official* or *Inspector*, a construction or demolition site presents a hazard to the public, the *Chief Building Official* or *Inspector* may require the *owner* to erect such fences

as the *Chief Building Official* or *Inspector* deems appropriate to the circumstances to prevent unauthorized entry to the site.

17.2. In considering the hazard presented by the construction or demolition site which is to be fenced, the *Chief Building Official* or *Inspector* shall have regard for:

- ff. The proximity of the *building* site to other *buildings* that are occupied;
- gg. The proximity of the construction or demolition site to lands accessible to the public;
- hh. The hazards presented by the construction or demolition activities and materials;
- ii. The effectiveness of site fences; and
- jj. The duration of the hazard.

17.3. Every fence required under this Bylaw shall:

- kk. create a continuous barrier to sufficiently deter unauthorized entry to the construction or demolition site to the satisfaction of the *Chief Building Official* or *Inspector*;
- ll. be erected and maintained in a nominally vertical plane and maintained in good repair; and
- mm. be a minimum of 1.2 m in height.

18. DELEGATED AUTHORITY TO CHIEF BUILDING OFFICIAL

18.1. The Council of the Township of Ramara hereby delegates to the *Chief Building Official* the power to enter into Agreements prescribed by the *Township* and described in clause 8(3)(c) of the *Act* relating to the issuance of a *Conditional Permit*.

18.2. Where the *Township* enters into an Agreement with a Registered Code Agency, the *Chief Building Official* is authorized, as set out in subsection 4.1(3) of the *Act*, to appoint the Registered Code Agency to perform one or more of the functions prescribed in Section 15.15 of the *Act* in respect of the construction of a *building* or class of *buildings*.

19. OFFENCES AND PENALTIES

19.1. Every person who contravenes any provision of this Bylaw is guilty of an offence and on conviction is liable to a fine as provided for in Section 36 of the *Act*.

SECTION 2

1. Site Grading Plan

- Lot description including Registered Plan Number;
- Dimensioned property limits and building outline location with all setbacks shown;
- Finished floor elevations; for basement, first floor, garage floor
- Finished and original grades over septic tile beds;
- Elevation of underside of footings;
- Top of foundation wall (all locations);
- Any proposed window well locations
- Existing and proposed lot grades for each of the corners of the lot and intermediate points of grade change;
- Existing trees to be maintained;
- Driveway locations, widths and proposed grades;
- Finished road grades adjacent to lot;
- Location of entrances and location of walkways; number of front and rear entry step risers;
- Arrows indicating the direction of all surface drainage and swales, with swale detail (Note: The Township requires a minimum swale depth of 0.25m);
- Location and elevation of swales;
- Patios, decks and/or porches (including height of floor);
- Terraces, retaining walls;
- Location of accessories (propane tanks, air conditioning units, generators, hot tubs, pools etc.);
- Location and dimensions of all easements;
- All yard catch basins with rim and invert elevations;
- Curb cut locations;
- Hydrants, street lights, Bell and cable TV pedestals, hydro transformers;
- Location and type of any private sewage disposal system and reserve areas and private wells (including area of influence) or water/sewer lines if applicable
- Location of neighbouring wells and sewage disposal systems;
- Location of all road features along frontage and flankage of lots (curb lines, catch basins, sidewalks, etc.);
- Lot grading certificate by Developer's Engineer in accordance with the Subdivision Agreement requirements;
- Site benchmark as shown on approved Engineering Drawings;
- Proposed driveway culverts with size, type, invert and slope information;
- Engineered fill level is to be shown where applicable;
- Minimum setback from building to Average Annual High Water (AAHW) mark of all water bodies within the Lake Simcoe watershed (where applicable);
- Minimum naturalized buffer from the highwater mark (where applicable);
- Accessory buildings.

2. Site Plan

- Lot description including Registered Plan Number;

- Dimensioned property limits and building outline location with all setbacks shown;
- Existing trees to be maintained;
- Driveway and parking locations;
- Location of entrances and location of walkways; number of front and rear entry step risers;
