

"Proud History - Progressive Future"

Quality Management System Policy

The Township of Ramara will establish and maintain a drinking water Quality Management System (QMS) that will be regularly reviewed and updated by operational management and staff and endorsed by top management.

The implementation of this QMS promotes consumer and owner confidence in the quality and safety of its drinking water.

The Township of Ramara is committed to:

- The maintenance and continual improvement of the Quality Management System,
- Providing safe drinking water by managing water quality from source to consumer, and
- Complying with all applicable legislation and regulations.

Signed this 4th day of September, 2018

Manager of Environmental Services
Dave Readman

Senior Operator
Nick Leroux

QMS Representative
Dyana Marks
