INSTRUCTIONS TO BIDDERS

i. DEFINITIONS

The following definitions apply to the interpretation of the Request for Quotation;

1. **“Bidder”** means a person or entity that is submitting a tender in response to the Tender Process.
2. **“Constructor”** means the successful person or company engaged in the construction business.
3. **“Contract”** means an agreement to be signed between the Owner and a successful bidder pursuant to the tender process.
4. **“Contractor”** means the successful bidder pursuant to the tender process that has extended a contract.
5. **“Contract Administrator”** means a person authorized or appointed by the Township to act on behalf of the Owner in any particular capacity.
6. **“Closing Time”** Time and Date of Tenders has the meaning ascribed thereto in section ii of these instructions to bidders.
7. **“OPS”** means the current Ontario Provincial Standards published by the Ontario Standards organization.
8. **“Start Work Order”** means the document in writing, referred to in the tender, form that is issued by the Contract Administrator or the Engineer that authorizes the Contractor to begin the work.
9. **“Tender”** means the tender documents issued by the Owner in respect of a specific opportunity and also refers to the documents submitted by a bidder in response to this tender process.
10. **“Tender Documents”** means the documents listed in section iii of these Instructions to Bidders.
11. **“Work”** means the work to be performed by a Contractor pursuant to a Contract issued as a result of this tender as described in the Contract Documents and includes, but is not limited to, the work generally described in Section ii of these Instructions to Bidders.
12. **“Director of Infrastructure”** means the Director of Infrastructure for the Township of Ramara or such other person, partnership or corporation as may be authorized by the Council to act on their behalf in any particular capacity.

ii. GENERAL OVERVIEW

1. SCOPE

The Township of Ramara requires the supply and application of slurry seal for its 2022 roads program.

2. FORM OF QUOTE

All quotations must be on the forms provided, clearly marked with “2022 Slurry Seal”

3. QUOTATION DEPOSIT

The Tenderer agrees to submit a Certified Cheque or Bid Bond in the amount of 10% of the Tender Price with this Tender to the Township. This Certified Cheque or Bid Bond shall be returned no later than 60 days after date of closing unless this Tender is accepted, in which case, this Certified Cheque or Bid Bond shall be held in safekeeping by the Township until such time as the Township accepts the work and any warranty periods have expired

The Successful Tenderer also agrees to submit to the Township a Performance Bond of said contract in the amount of 100% of the Tender Price upon Township acceptance of the tender.

4. FREEDOM OF INFORMATION

All submissions to the Township become the property of the Township and such are subject to the “*Municipal Freedom of Information and Protection of Privacy Act.*”

5. BRIBERY/FRAUD

Should any bidder or any of their agents give or offer any gratuity or attempt to bribe any employee of The Township, or to commit fraud, the Township shall be at liberty to cancel the prospective bidder’s submission or contract.

6. PURCHASING PREFERENCE

No preference will be given to any business for goods and/or services provided to the Township

7. INSURANCE

The Successful bidder(s) shall maintain and pay for Comprehensive General Liability Insurance with an insurer acceptable to the Township. The coverage shall include premises and all operations liability to be performed by the bidder. This insurance coverage shall be subject to limits of not less than **Five Million Dollars**

(\$5,000,000.00) inclusive **per occurrence** for bodily injury, death and damage to property including loss of use thereof for any one occurrence.

The policy shall include **The Corporation of the Township of Ramara** as an additional insured in respect of all operations performed by or on behalf of the Bidder. The Bidder(s) shall be entirely responsible for the cost of any deductible that is maintained in any insurance document.

The Insurance Policy shall not be altered, canceled or allowed to expire or lapse, without thirty (30) days prior written notice to the Township.

The Liability Insurance shall not contain any exclusion of limitations in respect of shoring, underpinning, rising or demolition of any building or structure, pile driving, caisson work, collapse of any structure or land from any cause.

Where applicable the bidder(s) shall carry standard automobile and non-owned automobile liability insurance and shall protect them against all liability arising out of the use of owned or leased vehicles, used by the Bidder(s), its employees or agents. The limits of the liability for both owned and non-owned vehicles shall not be less than **Two Million Dollars (\$2,000,000.00)** per occurrence.

8. WORKPLACE SAFETY AND INSURANCE BOARD (WSIB)

The successful bidder(s) shall supply a Certificate from the Workplace Safety and Insurance Board prior to the start of the contract indicating that all of the assessments the bidder(s) or subcontractor(s) is liable to pay under *Worker's Safety Insurance Board Act* or successor legislation have been paid and they are in good standing with the Board.

Effective January 1 2013, Bill 119 legislates that all Contractors and Sub-Contractors categorized under class G: construction, shall have WSIB account and clearance coverage prior to commencing any contract.

Alternatively, if the successful Bidder(s) is an Independent Operator and is not categorized under Class G: Construction, the Bidder(s) shall submit a letter, from the WSIB, confirming that s/he has Independent Operator Status under the WSIB Act for work to be carried out for the Township of Ramara. If the Bidder(s) does not have Independent Operator Status, the Bidder shall;

- I. Complete an Independent Operator Status Questionnaire upon being awarded the contract; and,
- II. Fund all costs associated with any appeal of a determination by WSIB that the Bidder is not an Independent Operator; and,

- III. Provide proof of Employer's Liability Insurance (provided either by WSIB or the Contractor's insurance provider.

The Bidder(s) acknowledges and agrees that the Township is not hiring an employee(s) to perform the work associated with this Tender. As such the Township reserves the right to terminate all Contracts associated with this Tender if all appeals have been exhausted and the bidder(s) are determined by WSIB or court or tribunal of competent jurisdiction to be an employee. Any and all monies to be paid to the bidder(s) shall be returned regardless of the extent of work that has been completed to that point, and all material and documents associated with the Tender, as well as Township property, shall be returned to the Township. The bidder(s) acknowledges and agrees that any work completed to the date the appeal process has been completed, and an unfavorable determination is made will be provided to the Township for free and without any expectation of compensation. The risk associated with completing any work while there is an appeal process underway is entirely born by the bidder(s).

9. TRAFFIC CONTROL

The Contractor will be responsible for all traffic control and will supply all traffic control devices as outlined in the Correct Methods for Traffic Control pamphlet issued by the Construction Safety Association of Ontario, and will comply with, Ministry of Transportation and Township Bylaws,

Freshly applied surface treatment shall be protected to prevent vehicles from unnecessarily crossing or stopping. The Contractor shall be fully responsible for any and all damages caused by their operations to public or private property, and shall, at their own cost reinstate fully or compensate all such damages.

10. ACCESSIBILITY

The Bidder(s) shall comply with the provisions of the *Accessibility for Ontarians with Disabilities Act* 2005, S.O. 2005, chapter 11 and the Regulations with regard to provision of the goods and/or services contemplated herein, including, without limitation, section 6 of Ontario Regulation 429/07, Accessibility Standards for Customer Service, as amended. The Bidder(s), when applicable, shall ensure that its employees, agents, volunteers and representatives receive training regarding the provision of the goods and services to person with disabilities. The Bidder(s) acknowledges that the Corporation of the Township of Ramara, in deciding to purchase goods or services through its procurement process, is required to consider the accessibility for persons with disabilities, when applicable and practical to do so.

11. HEALTH & SAFETY

All work performed under this contract must be carried out in accordance with the terms and conditions of the Ontario Occupational Health and Safety Act (OHSA or the

Act), applicable Regulations, applicable standards, and other applicable legal requirements.

Unless otherwise stated, the successful bidder, for the purposes of the Act, shall be designated as the 'Constructor' for this project. The constructor has complete control of the work on behalf of the Township and is responsible for regulatory compliance and safe work procedures on the job site.

Any requirement for a Notice of Project to be submitted to the Ministry of Labour (MOL) is the sole responsibility of the constructor.

The Constructor further acknowledges and agrees that any breach or breaches of the Occupational Health and Safety Act, applicable Regulations, Standards, Environmental Protection Act, other legal requirements ,and/or their own Health & Safety Policies and Procedures whether by the Constructor or any of its subcontractors may result in:

- The termination of the contract,
- The immediate removal of the Constructor and/or sub-contractor's equipment from the site,
- The forfeiture of all sums owing the constructor/or sub-contractor by the Township Of Ramara

The Constructor's health and safety responsibilities will include the following:

- where hazardous materials, physical agents and/or designated substances are used in the performance of the required work, the successful bidder shall ensure that the requirements of the Occupational Health and Safety Act, applicable Regulations and environmental requirements are complied with,
- ensure workers are aware of the hazardous substances that may be in used at the workplace,
- ensure workers are provided with and wear the appropriate personal protective equipment required for the area when engineering controls aren't practicable,
- demonstrate the establishment and maintenance of health and safety program, with objectives and standards and will provide qualified workers and meet all applicable legislation,
- The Constructor acknowledges that they are familiar with the Occupational Health and Safety Act, applicable Regulations, applicable Standards and other legal requirements that applies to the work being conducted,
- The Contractor covenants and agrees to observe strictly and faithfully the provisions of the Occupational Health and Safety Act, applicable

Regulations, and rules circulated there under together with the Constructor's Health and Safety Policies and Procedures.

- The Constructor agrees to indemnify and save the Township of Ramara harmless for damages or fines arising from any breach or breaches of the said Occupational Health and Safety Act and other applicable legal requirements.
- The Constructor agrees to have a competent supervisor on site at all times when work is in progress, and that this supervisor enforces safe work practices.
- The Constructor shall allow access to the work site on demand to representatives of the Township of Ramara to inspect work sites.
- The Constructor agrees that any damages or fines that may be assessed against the Township of Ramara by reason of a breach or breaches of the Occupational Health and Safety Act and applicable Regulations by the Constructor or any of its sub-contractors will entitle the Township of Ramara to off-set the damages so assessed against any monies that the Township of Ramara may from time to time owe the Constructor under this contract or under any other contract whatsoever.
- Where any portion of the work or services in this Contract is contracted to a sub-contractor, the Constructor agrees that the provisions of this section (**11. Health & Safety**) will apply to the subcontractor and the Constructor will enforce said provisions.
- The Township of Ramara may consider previous OHSa violations as grounds for rejection and the Township of Ramara may terminate any contract arising from this document if the Bidder is continuously in violation of OHSa requirements.

Proof of the above may be required by the Township at any time from tendering to project completion.

12. ASSIGNMENT OF CONTRACT

The successful Bidder(s) shall not assign transfer, convey, sublet or otherwise dispose of this contract or his/her right, title or interest therein, or his/her power to execute such contract, to any other person, company or City, without the previous consent, in writing, of the Township's officials, which consent shall not be unreasonably withheld.

13. SPECIFICATIONS

i. LOCATIONS (SqM are approximate)

- **Lake Ave – Simcoe St to Beaver Trail – 3820 SqM**
- **Mara Eldon Boundary Road – Canal Road to Con A – 10,500 SqM**

- Plum Point Road – Highway 12 to Con 10 – 5160 SqM
- Fairgrounds Road – McAruther Sdrd to 700 M East – 4020SqM
- Concession Road 10 – Muley Point to Upterheights Dr – 5800SqM
- Lowanda – 1870 SqM
- Riverliegh Drive – Park Lane to Poplar Dr – 2130 SqM
- Lakeshore Drive – Con 2 to Con 1 – 10,390 SqM
- Patricia – Courtland to Balsam - 4290 SqM
- Winchester - Creighton to Patricia – 810 SqM

ii. PREPERATION OF SURFACE (SWEEPING AND VACUUM CLEANING)

Normal Street cleaning will be carried out by the Contractor prior to surface treatment. However, due to problems created by parked vehicles and scheduling, it is contemplated that additional cleaning of all surfaces with a vacuum type sweeper may be required immediately prior to the sealing operations. The additional cleaning required to ensure proper application of the slurry mixture will be the contractor's responsibility at no additional cost to the Township.

iii. APPLICATION OF SLURRY SEAL SURFACE

The slurry mixture shall be of the desired consistency when applied on the surface and no additional elements shall be added, but total time of mixing shall not exceed four minutes. A sufficient amount of slurry shall be carried in all parts of the spreader at all times so that complete coverage is obtained during application of the mixture, which shall not proceed at speeds exceeding 60 meters per minute. The rate of application shall be 6.5 to 7.89 kilograms per square meter.

Special care should be exercised by the Contractor to ensure that leakage of emulsion does not occur at longitudinal joints through work spreader box squeegees, or that an excessive amount of emulsion does not build up at transverse joint locations during remount periods of the slurry machine. Any such occurrences should be rectified by removing from the roadway surface those excess amounts by squeegee or other suitable means.

Slurry seal shall be placed only when the atmospheric temperature is at least 10 degrees Celsius and rising and the weather is free of fog or rain and there is no forecast of temperatures below 0 degrees Celsius within 24 hours from the time of application.

iv. **SPECIFICATIONS FOR EMULSIFIED ASPHALT SLURRY SEAL SURFACE DESCRIPTION**

The work covered by this specification consists of furnishing all plant, labor, equipment and materials and performing all operations necessary, including traffic control, in connection with the application of a Slurry Seal surface, complete, in strict accordance with this specification.

The Slurry Seal shall consist of a mixture of emulsified asphalt, mineral aggregate, Portland Cement mineral filler and water, properly proportioned, mixed and spread on the surface as specified herein and as directed by the Director of Infrastructure.

v. **MATERIALS AND APPROVAL**

The Contractor shall advise the Director of Infrastructure of the source of materials, the mix proportions and the aggregate grades which he proposes to use, and shall obtain the Director of Infrastructure approval of materials as well as mix proportions prior to commencing the work. Samples shall be taken periodically during the progress of the work to ensure conformance with the specifications approved.

All materials incorporated in the work shall meet the following requirements:

a) **Asphalt Emulsion**

The asphalt emulsion shall be rapid setting type specifically designed for Slurry Seal work and as approved by the Director of Infrastructure.

b) **Aggregate**

The aggregate will consist of clean, sound durable granite screenings which shall be free of clay, loam and other deleterious materials. Portland cement mineral filler shall be considered part of the blended aggregate. The final aggregate gradation including mineral fillers, if required, shall fall within the following limits:

Sieve Size	% Passing
9.5 mm	100
4.75 mm	85-100
2.36 mm	65-90
1.18 mm	45-70
600 µm	30-50
300 µm	18-30
150 µm	10-21

75 µm	5-15
-------	------

c) Water

All water used with the Slurry Seal mixture shall be potable and free from harmful soluble salt.

vi. **COMPOSITION OF SLURRY SEAL**

The amount of asphalt emulsion to be blended with the aggregate shall be adjusted to secure a residual asphalt content of 7.5 to 13.5% by weight of dry aggregate in the finished seal coat. Only the least amount of water necessary to obtain a fluid and homogeneous mixture without segregation shall be added. At all times segregated mixes will be rejected. The Contractor shall, at his own expense, make trial batches to determine the ultimate blend of mineral aggregate and residual asphalt. The Director of Infrastructure shall give final approval to the design used.

vii. **EQUIPMENT**

All equipment, tools and machines used in the performance of this work shall be maintained in satisfactory working condition subject to the approval of the Director of Infrastructure.

a) **Mixer**

The Slurry Seal mixing machine shall be a continuous flow mixing unit equipped for delivering accurately metered proportions of water, aggregate, fines and asphalt emulsion to a revolving spiraled multiblade mixer tank and to discharge the thoroughly mixed product on a continuous basis.

viii. **APPLICATION OF SLURRY SEAL SURFACE**

Approved hand squeegees shall be used to spread slurry in areas non-accessible to the slurry mixer.

The Contractor will provide and maintain suitable protection on manhole covers, catch basins and open grates during spreading operations. A light film of coal oil is to be applied to all covers and castings prior to spreading and same are to be brushed clean of slurry following application.

The successful bidder will, at all times, work in close liaison with the Township of Ramara Director of Infrastructure or representative, and all works shall be done solely at the discretion of the Director of Infrastructure.

ix. QUANTITIES

The Contractor will supply sufficient equipment, labor and materials to complete a minimum of 7,000 square meters per working day.

x. QUICK BREAK SLURRY SEAL

All roadways will require the use of quick breaking slurry. The emulsifier shall be "INDULIN MQK" of the equivalent. The Contractor will quote the material used and supplier of the Quick Set Emulsifier, for approval by the Director of Infrastructure.

14. COMPLETION

The work shall be completed before August 26 2022.

15. MATERIAL SAFETY DATA SHEETS

A current **MATERIAL SAFETY DATA SHEET** is to be submitted with the quotation.

16. DAMAGE BY VEHICLES AND OTHER EQUIPMENT

If at any time, in the opinion of the Director of Infrastructure or her designate, damage is being done or is likely to be done to any highway or any improvement thereon, other than such portions as are part of the work by the Contractor's vehicles or other equipment whether licensed or unlicensed, the contractor shall, on the direction of the Director of Infrastructure and at the Contractor's own expense, make changes in or substitutions for such vehicles or other equipment or shall alter loadings or shall in some other manor remove the cause of such damage to the satisfaction of the Director of Infrastructure, including re-routing haul routes.

17. LOADING OF MOTOR VEHICLES

Where a vehicle is hauling material for the use on the specified work, in whole or in part upon a public highway and where motor vehicle registration is required for such vehicle, the contractor shall not cause or permit such vehicle to be loaded beyond its legal limit as specified in the Highway Traffic Act, whether such vehicle is registered in the name of the contractor or otherwise.

18. AWARD OF QUOTATION

The award of the tender will take the following into consideration:

- a. Expertise;
- b. Access to equipment possessing the required safety devices to conform to all regulations

- c. Availability;
- d. Past Performance; and,
- e. Price.

19. HIGHWAY TRAFFIC ACT

The Bidder(s) of any equipment being used under hire by the Township shall be responsible to ensure the equipment is in full compliance of all statues of the Highway Traffic Act, R.S.O. 1990.

20. MEASUREMENT AND PAYMENT

The Slurry Seal surfaces shall be measured and paid for by the square meter of work completed and accepted as designated by the Director of Infrastructure. Payment shall include all costs arising in performing the work including plant, labour, equipment, materials and all other costs except costs resulting from operations detailed under Traffic Control.

Payment at the quoted price shall be paid upon submission of invoice after completion.

21. HOURS OF WORK

The Contractor will be allowed to carry out operations only during daylight hours between 7:00 a.m. and 5:00 p.m., Monday through Thursday, except Statutory or Civic Holidays, unless otherwise approved or directed by the Director of Infrastructure.

22. TERM OF QUOTATION

The term of this quotation will be for the 2022 Roads Program.

23. QUALIFICATIONS

The successful Bidder shall be a company of recognized standing at least five (5) years' experience in this type of work and have the necessary equipment and skilled labor to carry out the work adequately.

24. CONDITIONS

It is agreed that the quoted quantities are estimated only and may be increased or decreased by the Township without alteration of the quoted price by 20 % of the total bid, Actual roads to be completed may change.

25. SUBMISSION FORMAT & CONTENTS

25.1 GENERAL FORMAT OF SUBMISSION

The Township **will not** accept any other format of the schedule I items Prices other than that provided within this Request for Quotation. Schedule I items and Prices are to be completed **in full** as provided in this document with no modifications, additions or deletions. **Failure to complete Schedule I as stipulated may result in disqualification of the bid submission.**

25.2 CONTENTS OF SUBMISSION

The Request for Quotation response submission should include the following information only and shall be submitted in the same sequence provided:

- I. **Completed Bidder Information Form**
- II. **Provide all mandatory information as requested within Schedule I**
- III. **Ensure Schedule I is initialed and dated**
- IV. **Completed Schedule II – Ability and Experience Form.**
- V. **Health and Safety:**
 - a. Provide a current and valid certificate of clearance from WSIB
 - b. Provide a current MSDS Sheet for all products quoted
- VI. **Provide a completed Declaration of Accessibility Compliance form.**

iii. TENDER DOCUMENTS
